

David Weisz Vendor Style Guide

for Jewelmate Point of Sale

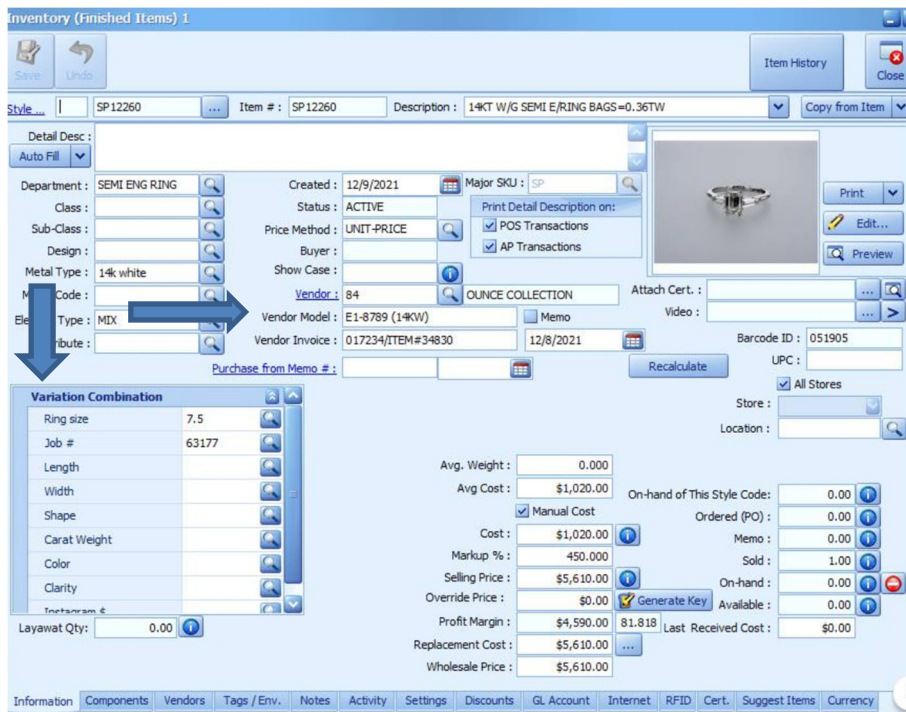

David Weisz has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information.

Ex: TSP- three-stone pendant, FSP- five stone pendant, BET - bezel earring three piece, BTP- bezel three stone pendants, NEC- necklace, and RIN- ring. All these three leers are followed by a series of four random letters.

The correct style number for David Weisz is entered in the Vendor Model # field: RIN-1234

Examples of incorrectly entered style numbers: RN1234, RN/1234, RN-1234 14KW

Enter David Weisz serial numbers into one of 15 variation fields available in the Jewelmate software. It is advised to make this a required field.

* As of 12/15/2021: Jewelmate has a 150-character limit for entering vendor style numbers and a 30-character limit for serial numbers.
