

Simon G Vendor Style Guide

for Edge Point of Sale

Simon G has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information. Please see the attached guide for reading Simon G style numbers.

The correct style number for Simon G is entered in the Ven Style # field: LB2060

Examples of incorrectly entered style numbers: LB-2060, LB2060/430087

Edge will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Enter Simon G serial numbers in a Serial # field that is created by you in the category set-up. It is advised to make this a required field.

The screenshot shows the 'Item #001-140-00002(?)' setup screen in the Edge Point of Sale software. The category is 'Diamond Semi-Mount Rings'. The interface is divided into several sections:

- Vendor Info:** Includes fields for Vendor ID, PO #, Invoice #, Quantity, Ven Style # (highlighted with a blue arrow), Style Note, Barcode, and Stock Type. There is also a checkbox for 'POS Frequently Sold Item'.
- Inventory:** Includes fields for Location, Status, As Of, Date Entered, Entered By, and Price Method. There is also a checkbox for 'Exclude From Rewards'.
- Pricing:** Includes fields for Cost, Re-Cost, Re-Cost Dtl, Retail, Lowest, Current, Sold, and Spiff. There is also a checkbox for 'Auto' and a 'Recalc' button.
- Ring Details:** Includes fields for Style, Metal, Color, Finish, Ring Size, and Serial # (highlighted with a blue arrow).
- On Sale:** Includes fields for Price, Margin, Starts, Ends, and Sign.
- Description:** Includes a text area for the item description and a 'Suggest' button.
