BIG POS Guide Marco Bicego - DCIT

Marco Bicego has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information.
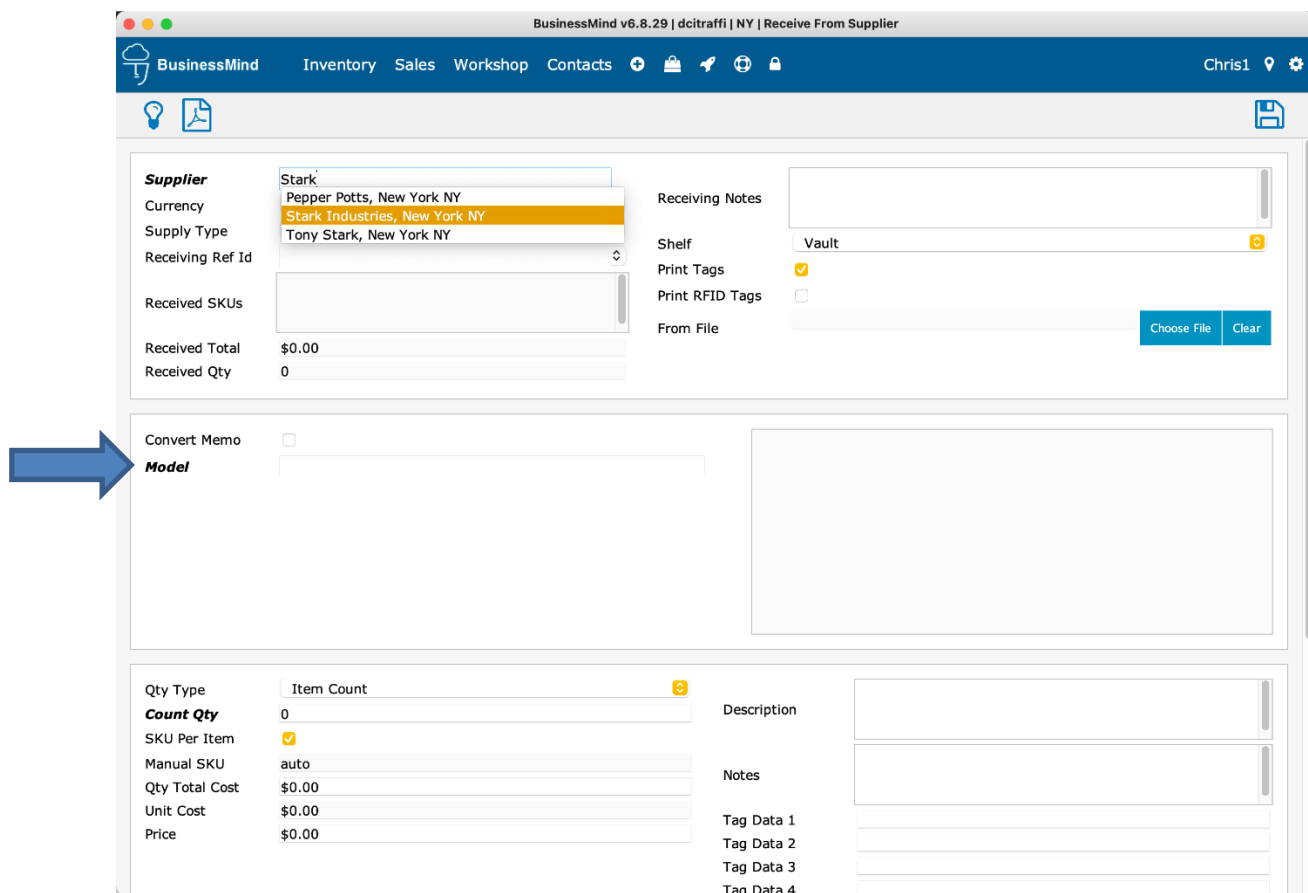

The correct style number for Marco Bicego is entered in the Model field: BB2609 Y

Examples of incorrectly entered style numbers include: BB2609, BB2609Y, BB2609-Y

DCIT will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Marco Bicego does not use serial numbers.

DCIT also gives you the ability to receive your inventory as a csv file, please contact them directly for more information. Marco Bicego does not provide these files.

* As of 12/15/21: DCIT has an 80-character limit for entering vendor style numbers and serial numbers.
