# BIG POS Guide Yourline - Jewelmate

Yourline uses a simple system of identifying their style codes.

The correct style number for Yourline is entered in the Vendor Model # field: #R9997

Examples of incorrectly entered style numbers: R9997, R-9997, #R-9997

Enter Yourline Item Numbers into one of 15 variation fields available in the Jewelmate software. It is advised to make this a required field.

* As of 12/15/2021: Jewelmate has a 150-character limit for entering vendor style numbers and a 30-character limit for serial numbers.
