

BIG POS Guide DAVID WEISZ - Lightspeed

DAVID WEISZ has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information.

Ex: TSP- three-stone pendant, FSP- five stone pendant, BET - bezel earring three piece, BTP- bezel three stone pendants, NEC- necklace, and RIN- ring. All these three leers are followed by a series of four random letters.

The correct style number for **David Weisz** is entered in the Vendor ID field: RIN-1234

Examples of incorrectly entered style numbers: RIN1234, RIN/1234, RIN-1234 14KW

Lightspeed will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Lightspeed recommends checking the “Serialized” box for **DAVID WEISZ** items with serial numbers and typing the serial number under the Serial #'s field. It is advised to make this a required field.

Lightspeed also gives you the ability to receive your inventory as a csv file, please contact them directly for more information.
