

# Revelation LG Diamonds by Craft Diamond Vendor Style Guide for Shopkeeper Point of Sale

**Revelation** has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information.

The correct style number for **Revelation** is entered in the Vendor field: **LBF04283-4W-IC**

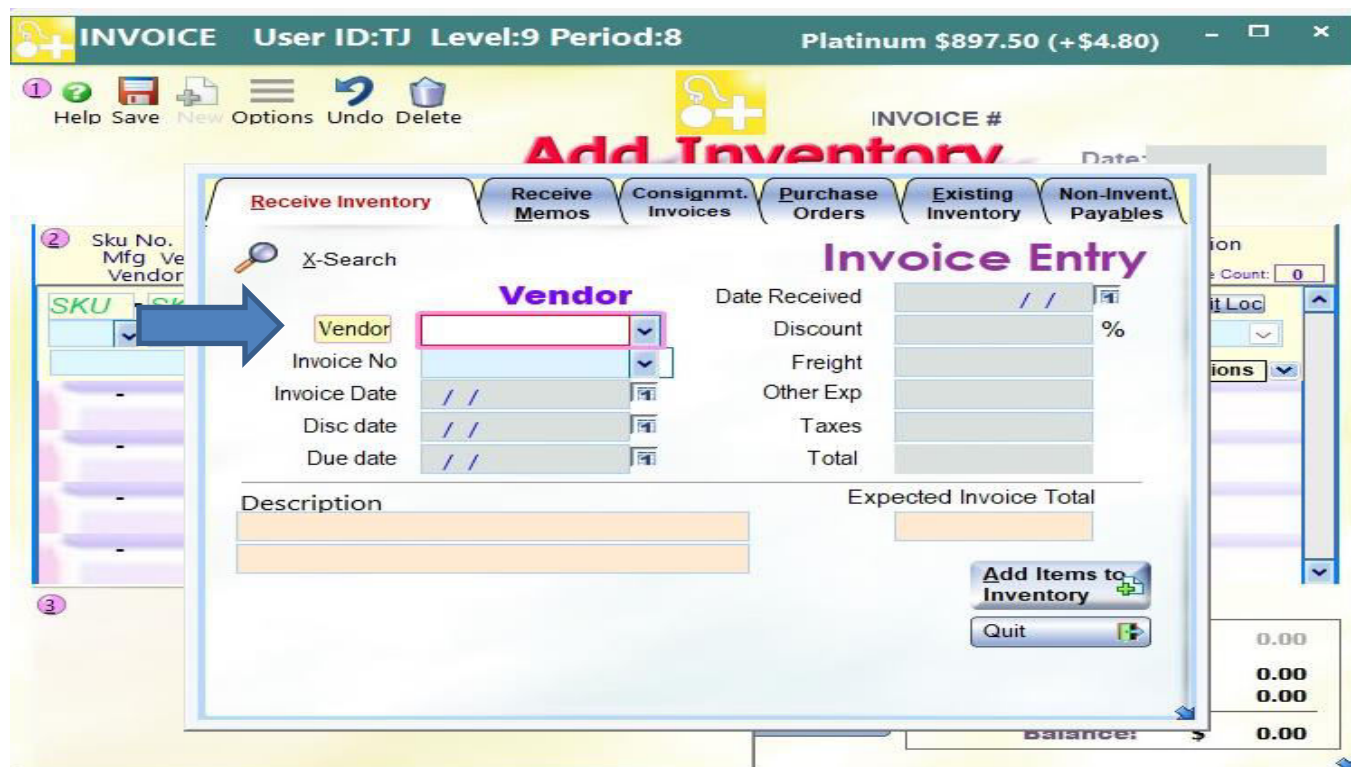

Please see below for help in reading **Revelation's** style numbers: **LBF04283-4W-IC**

**LBF04283-4W-IC: this defined by three parts as follows:**

1. **LBF04283 is the parent style#,**
2. **4W – 4 means 14KT, W means White gold, we generally offering everything in 14KT except special orders, so mostly it has 4, but if it has 8 then that stands for 18KT, if it has PT that means platinum, then the second letter is self-explanatory – W or Y for Yellow and P for Pink/Rose gold.**
3. **IC: stands for the customer type, we have IC and RC, IC means independent customers of US, RC stands for independent customers of Canada.**

Examples of incorrectly entered style numbers: **LBF04283, LBF04283/4W; LBF042, LBF04283/4W/IC, LBF04283-4, LBF04283-IC size 7.5, LBF04283 (CUSTOMER NAME)**

Enter **Revelation** serial numbers in Part No. field. It is advised to make this a required field.
