

## BIG POS Guide Martin Flyer- Edge

**Martin Flyer** has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information. Please see the attached guide for reading **Martin Flyer's** numbers.

The correct style number for Martin Flyer is entered in the Vendor Style # field: 04-52-1357-11

Examples of incorrectly entered style numbers: 04-52-1357- 11-C, 04-52-1357-11 #43, 04-52-1357-11/06

Edge will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Enter Martin Flyer serial numbers (JID numbers) in a Serial # field that is created by you in the category set-up. It is advised to make this a required field.
