

DV Jewelry Vendor Style Guide

for JCS Point of Sale

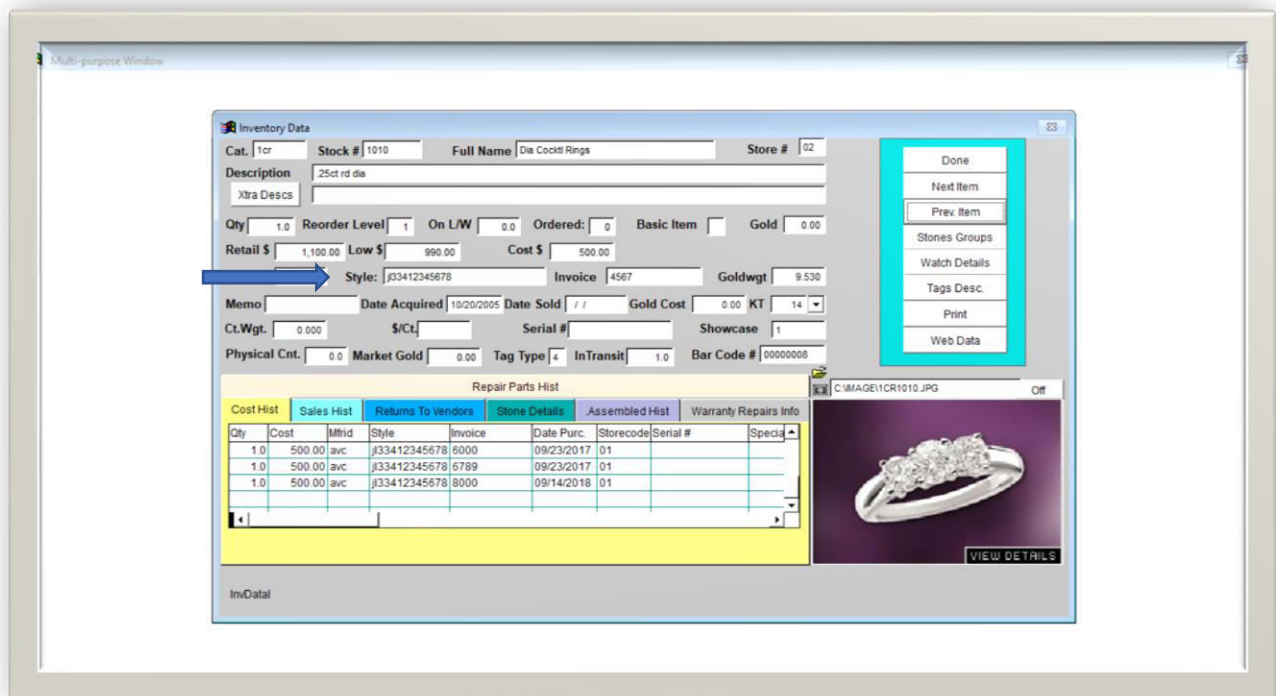

DV Jewelry has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information.

The correct style number for **DV Jewelry** is entered in the Style # field: 71049120

Examples of incorrectly entered style numbers: S/O 71049120, 71049120 yellow, 71049102 size 10

JCS will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Enter **DV Jewelry's** serial numbers in a Serial # field.

* As of 12/15/2021: JCS has a 20-character limit for entering vendor style numbers and a 15-character limit for entering serial numbers.
