

BIG POS Guide DV Jewelry - Lightspeed

DV Jewelry has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information.

The correct style number for **DV Jewelry** is entered in the Vendor ID field: 71049120

Examples of incorrectly entered style numbers include: S/O 71049120, 71049120 yellow, 71049102 size 10

Lightspeed will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Lightspeed recommends checking the “Serialized” box for **DV Jewelry** items with serial numbers and typing the serial number under the Serial #'s field. It is advised to make this a required field.
