

Imagine Bridal Vendor Style Guide

for Jewelmate Point of Sale

Imagine Bridal has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information. Please see the following guide for reading **Imagine Bridal** style numbers:

- **If the style number starts with a:**
 - **6 = Semi Mount**
 - **7 = anniversary band**
 - **8 = eternity band**
 - **2 = earrings**
 - **4 = pendant**
- All skus have a 5-digit number:
 - Example: 69156D
 - This is the “parent” sku
- Letter after first 5 digits designates the stone
 - D – Diamond
 - S – Sapphire
 - E - Emerald
- From there the child skus will include metal, and ctw
 - Example: 79156D-4W-1/4
 - 14K White Gold
 - 1/4 ctw

The correct style number for **Imagine Bridal** is entered in the Vendor Model field: 79156D-4W-1/4

Examples of incorrectly entered style numbers: **79156**, **s/o79156D**, **79156D-1/4**

Imagine Bridal does not use serial numbers.
