

BIG POS Guide Apex Diamonds - for Shopkeeper Point of Sale

Apex Diamonds has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information.

The correct style (model #) number for **Apex Diamonds** is entered in the Vendor field: 10-00507, R784Y-01

Examples of incorrectly entered style numbers: 1000507, S/O 10-00507, R784Y01, R784Y-Smith, R784Y-01 size 4.5

Enter **Apex Diamonds** serial numbers (SKU numbers) in Part No. field. It is advised to make this a required field.

The screenshot shows the 'Add Inventory' window in the BIG POS system. The 'Invoice Entry' tab is active, displaying various fields for entering invoice information. A blue arrow points from the 'Vendor' field in the 'Add Inventory' window to the 'Vendor' field in the 'Invoice Entry' window. The 'Vendor' field is highlighted with a pink border. The 'Invoice Entry' window also includes fields for 'Date Received', 'Discount', 'Freight', 'Other Exp', 'Taxes', 'Total', 'Expected Invoice Total', and 'Description'. The 'Add Items to Inventory' and 'Quit' buttons are at the bottom right.
