

# BIG POS Guide Lands Collection - Lightspeed

**Lands Collection** has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information.

Please enter the vendor's name as **Lands Collection**.

The correct style number for **Lands Collection** is entered in the Vendor ID field: **RE01Y**

- **R = Ring**
- **E = Collection (Earth)**
- **01 = Item Number**
- **Y = Metal Color**

**We only offer modern electrum for the metal.**

Examples of incorrectly entered style numbers: **RE01**, **S/O RE01Y**, **RE01Y SMITH**, **RE01Ysz9**

Lightspeed will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

**Lands Collection** does not use serial numbers.

Lightspeed also gives you the ability to receive your inventory as a CSV file, please contact them directly for more information.
