

BIG POS Guide Kwiat - Edge

Kwiat has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information. Please see the guide to read **Kwiat**'s numbers.

The correct style number for **Kwiat** is entered in the Vendor Style # field: **B-15696-7-DIA-PLAT**

B= BRACELET

15696= STYLE

7= INDIVIDUAL DIAMOND SIZE ON BRACELET

DIA=DIAMOND

PLAT= PLAT

Examples of incorrectly entered style numbers: **B156967DIAPLAT, B-15696, S/O B-15696-7-DIA-PLAT**

Edge will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Enter **Kwiat** serial numbers in a Serial # field that is created by you in the category set-up. It is advised to make this a required field.

The screenshot shows the BIG POS software interface for adding a new item. The 'Vendor Info' section is on the left, and the 'Ring Details' section is on the right. A blue arrow points to the 'Vendor Style #' field in the 'Vendor Info' section. Another blue arrow points to the 'Serial #' field in the 'Ring Details' section.
