BIG POS Guide Michael M - Edge

John Hardy has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information. Please see the following guide for entering **John Hardy** commercial reference and item numbers:

The correct commercial reference (Comm. Ref.) number for **John Hardy** is entered in the Vendor Style # field: **NBP987802DIX16-18**

Examples of incorrectly entered style numbers: **NBP987802DI, 987802, 248526, s/o NBP987802DIX**

Edge will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Enter **John Hardy** item numbers in a Serial # field that is created by you in the category set-up. It is advised to make this a required field.
