

Joshua J Vendor Style Guide for JCS Point of Sale

Joshua J has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information. Please see the following guide for entering Joshua J's style numbers:

The correct **style number** for Joshua J is entered in the Style # field: **JSM1112**

Examples of incorrectly entered style numbers: **184926**, **JSM1112/184926**, **JSM1112-11.03**, **184926/ JSM1112**, **JSM1112184926**, **184926JSM1112**, **JSM1112 184926**

JCS will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Enter Joshua J **item numbers** in a Serial # field.
