

## BIG POS Guide Joshua J - Lightspeed

**Joshua J** has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information.

The correct **style number** for **Joshua J** is entered in the Vendor ID field **JSM1112**

Examples of incorrectly entered style numbers: **184926**, **JSM1112/184926**, **JSM1112-11.03**, **184926/ JSM1112**, **JSM1112184926**, **184926JSM1112**, **JSM1112 184926**

Lightspeed will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Lightspeed recommends checking the “Serialized” box for **Joshua J** items with **item numbers** and typing the **item numbers** under the Serial #'s field. It is advised to make this a required field.
