

# David Weisz Vendor Style Guide

## for JCS Point of Sale

David Weisz has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information. Please see the attached guide for reading **David Weisz** numbers.

The correct **style number** for **David Weisz** is entered in the Style # field: **1001-A**

Examples of incorrectly entered style numbers: **1001, 1001A, S/O 1001 size 7**

JCS will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Enter **David Weisz item numbers** in a Serial # field.
