

BIG POS Guide Nader Kash - Lightspeed

Nader Kash has created their vendor style numbers in such a way that each variation of a particular design is accounted for, so there is no need to customize your numbers with metal colors, gemstones, sizes, or other information.

The correct style number for **Nader Kash** is entered in the Vendor ID field: **NK-MIXHS-7GRAD**

Examples of incorrectly entered style numbers include: **NKMIXHS7GRAD**, **NK-7GRAD**, **S/O NK-MIXHS-7GRAD**

Lightspeed will auto populate any SKU that has been received before – be careful of using this as you begin to correct any previously bad entries.

Lightspeed recommends checking the “Serialized” box for **Nader Kash** items with **stock (serial) numbers** and typing the serial numbers under the Serial #'s field. It is advised to make this a required field.
